- PL8UD
- IP40
- LED
- Tridonic/Osram/Philips Driver

1-)Loosen the 3 metric screws and separate ceiling connection apparatus from the lighting fixture.

2-)Drill 3 holes to the ceiling with 35mm depth by 7mm drill and place anchors to the holes marked above.

3- Fix the ceiling connection apparatus to the ceiling. Connect the phase and neutral cables to the outer contacts and the ground cable to the middle contact of the connection terminal.

4- Place the lighting fixture to its place on ceiling connection apparatus by rotating. Fix the metric screws to finish installation.
